

Subject: Endorsement of Traditional Republicans for Common Sense

Good morning!

In reviewing the Kansas Republican state legislative candidates' positions, along with the recommendations and insight from our Republican members, it is my opportunity to inform you that the Traditional Republicans for Common Sense (TRCS) is making an endorsement of you and 33 other Republican House of Representative candidates in the general election on November 6, 2018. We will be sharing your name and our endorsement with the media by Friday, October 19, 2018.

TRCS is a Kansas coalition of more than 70 formerly-elected Republican officials who are spread throughout our state and have served the citizens of Kansas. A copy of our brochure is attached and explains our core priorities: strong schools, good roads and infrastructure, a fair tax system, and maintenance of a fair and independent judicial branch of government.

Kansas was built on the principles of common sense, hard work and perseverance. We believe you share those principles, and we wish you success in the upcoming election and your service in the Kansas House. You are encouraged to share our endorsement of your campaign, should it be helpful.

If you have any questions, you may contact me, Lana Oleen, Chair of TRCS at lane.oleen@gmail.com. or other members you may know who are listed on the attached brochure. You may decide to use parts of the brochure on your facebook or campaign sites, in forums or through other media sources.

Continue to work hard these next several weeks. Your approach to governing is needed in Topeka, and we wish you a victory for yourself, and for Kansas!

Sincerely,
Lana Oleen, Chair
Traditional Republicans for Common Sense (TRCS)
3000 Stagg Hill Road
Manhattan, KS . 66502
